

Press release 1.

New Brdr Christensen branch in Dubai

We are very pleased to announce that Brdr Christensen Middle East, a entirely owned branch of Brdr Christensen ApS Denmark, has opened its first regional Middle East office in Dubai.

The sales office is opened in order to improve our service and support to our valued customers and corporations partners in the Middle East region.

The Middle East area – especially Saudi Arabia - is already a key market for Brdr Christensen and we recognize that the oil and gas market will continue to grow also in the coming years. To meet the future demands for being presence geographic, in order to give our clients the best possible service and support, we have decided to open own sales office.

Brdr Christensen has employed Jesper Delff Nielsen as new Regional Manager for the Middle East region and he will also be the Resident Manager for our new Sales Office in Dubai.

Further information from CEO Otto Lieber + 45 42 20 00 55 or Global Sales Director Erling Pedersen + 45 42 20 00 22.
